TO: Christopher Paolini, SDSU Electrical and Computer Engineering
FROM: Nathian Rodriguez, SDSU Adobe Faculty Fellow & SJMS Associate Director
James Frazee, SDSU Deputy Chief Information Officer & Senior Associate Vice President
SUBJECT: Service Letter 2021-22 Adobe Faculty Ambassador Program

Dear Dr. Paolini,

The Adobe AzTech Alliance (A3) would like to thank you for your participation in the A3 Adobe Faculty Ambassador Program. A3 aims to increase Adobe Creative Cloud application adoption and champion digital literacy. Your participation in this program helps advance these goals at SDSU by introducing new applications to students in your classroom.

Participation in the program called for you to utilize at least one Adobe Creative Cloud application and implement it within an assignment during the respective semester of your teaching. To do this, you were asked to complete a training process that included asynchronous modules, online synchronous meeting, and an online workshop. Following the completion of the program, you shared a brief presentation of your experience and your pedagogical interventions with your department/school, as well as with your A3 Faculty Ambassador cohort.

With your help, details of your assignment and select student work were aggregated and uploaded to an Adobe Creative Cloud assignment collection to serve as a valuable resource to other faculty, instructors, and staff across SDSU. You can see the collection, hosted on Adobe Portfolio at <https://adobeaztechalliance.myportfolio.com/>.

Thank you for again for your participation, collegiality, and commitment in the A3 Adobe Faculty Ambassador Program. Your hard work and dedication to your students is invaluable. We appreciate your attention and engagement with the program, particularly considering the personal, health, economic, and other intersectional circumstances many of us have experienced this semester.

With Gratitude,

Dr. Nathian Shae Rodriguez
Dr. James Frazee
